PROFILE

I have more than 3 years of experience in front-end development. I was mainly engaged in JavaScript/HTML/CSS development and creation of creative websites for awwwards. I actively use the React library and the Next framework, I use these and other libraries to develop SPA applications, corporate and e-Commerce sites.

Strengths:

1. Responsible;
2. Very responsible;
3. Honest and Direct;
4. Calm and Practical;

Weaknesses:

1. Difficulties in communicating complex ideas clearly;
2. Waste of resources due to excessive scrupulousness;
3. Ability to show indifference to others, be overly critical and demanding;

Goal: Developing a product that is useful for people. Grow to a team leader position in 5-6 years.

SKILLS

JavaScript TypeScript CSS HTML React.js Redux Next.js Git
Node.js Gulp Webpack WebGL GreenSock
